

## WOOL PROJECT with Anna Bates

Beginner - Advanced

A sweet table mat to grace your Fall Holiday table designed by Stacy West of Buttermilk Basin. In this class you will enjoy the world of wool. With the kit you will be free to enjoy and learn how I prep my wool projects without having to shop for a variety of wool requirements. And, we will also go over stitching and embellishing your piece to make it your own. In this one day class you will get the creation prepped and start your stitching. It will be a relaxing class for a group of friends or to make new friends.

Kit: Vintage Truck thru the Year (September) and includes the pattern  
 Lab fee: \$42.00 due to instructor at class

### MATERIALS:

1 yard Pellon SF 101 (you will have some left over for the next project)

1 yard of Soft Fuse (you will have some left over for the next project)

1 yard of freezer paper

sharp wool scissor (they have a fine serration. I use a 5 inch Kai)

thread to match your wool kit (Valdani, Pearl Cotton or DMC)

Chenille Needles size 24

Milliner needle #1

pencil

scotch tape

Optional but highly recommended is Sue Spargo's book Creative Stitching
